Hello there, our dream is to help you make great happen.

Get skills you can count on!

The Certificate III in Information, Digital Media and Technology Support Stream is ideal for students who want to enter the market as a technician working in a typical computer shop dealing with home user and small business client. The skills sets that the student will achieve when they complete the Support Stream will also give them the ability to work within a small business to help support the businesses IT infrastructure.

The skills that you will learn in the Support Stream are:
- Communicating and documentation in the IT environment.
- Workplace
