Get the right skills

This six week course in Acrylic Painting covers equipment, techniques, colour, use of acrylic mediums, composition, subject and style. Learn impasto, glazing, dry brush and blending, while exploring various colour schemes and compositional devises. Experimental subjects and techniques are combined with more traditional approaches in informative and stimulation classes.

If you have always wanted to paint, you will find out how easy it is to start. More experienced painters will develop and motivate their painting practice.
