**STUDENT PROFILE**

"If you’re thinking about TAFE, just do it and ‘Make Great Happen’ in your career. If you consider the current you, versus what you could be it’s definitely worth it. I was in a real rut with work, but I LOVE what I do now and really put that down to my amazing experience at TAFE.

Working at a women’s refuge I found the skills I learned at TAFE really crossed over and helped me gain the trust of people to let me in."

### Student Profile

I’ve learned so many things at TAFE we can bring home and share with the people of East Timor. The issue of irrigation was a main focus for us during our studies as we felt we could immediately provide support when we return home.

STUDENT PROFILE

“TAFE gave me the flexibility to organize my time, manage the kids, my farm and the driving to town with my partner being away. The quality of teaching, the resources and technical support TAFE provides is a relief, knowing they will do their best to help you work through your course and succeed. Something I really appreciated is my teacher constantly orientating and customising my work to my interests or needs, so it was never boring. She also always took time to explain or guide me through my work as she did for all the students.”

As my first step from school into the real world, this course has given me the best start. My teacher understood how to get the best out of me and I became confident enough to implement what I learnt at my workplace, Showtime Dancewear. It has been very rewarding and I am looking forward to doing further studies to achieve my goals.

STUDENT PROFILE

‘I’ve had a really good experience at TAFE Queensland East Coast. Our teachers have years of industry experience and are really good in teaching us all they know. The most enjoyable part of my training has been the practical experience, getting to actually work at live events, planning and organising tours and events. I would absolutely recommend the course to others. It is a great way to be industry ready with all the knowledge and work experience you need.’
