

TAFE_OPEN WIFI SETUP WINDOWS 8.1 & 10

Steps to Connect to TAFE_OPEN WIFI

1. If you are using Windows 10 please download the following security certificate update
Navigate to the following website and download this update
http://apps.tafebrisbane.edu.au/Win10_Fix/win10Fix.exe

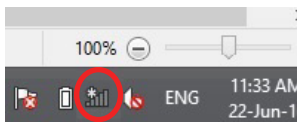

NOTE - This update is only for Windows 10 Laptops and Surface tablets, it is not required for Windows Phones

Disclaimer - this software is provided AS IS for the purposes of connecting to TAFE Queensland East Coast TAFE_OPEN WIFI only. TAFE Queensland East Coast takes no responsibility for any issues, crashes or failures that may result from installing this update.

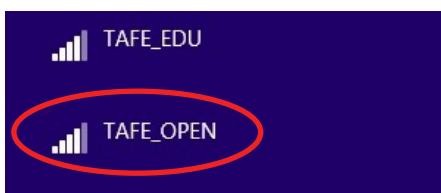

Type 'y' at the prompt, the application will update the required certificate and then stop and restart the networking services

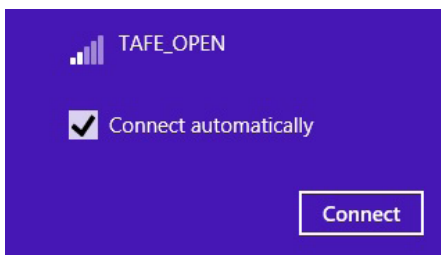

2. Click on the wireless network icon in the notification area of the status bar (bottom left of the screen)

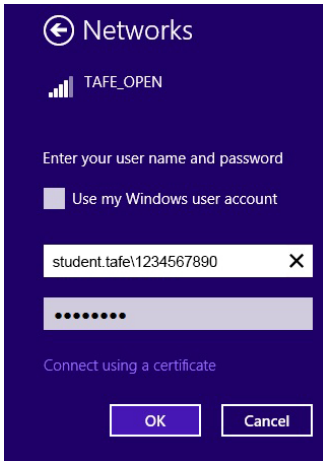

3. Select **TAFE_OPEN**

4. Tick the **Connect automatically** checkbox

5. Enter username starting with **student.tafe** and enter password

Prefi	Username Example
student.tafe\	student.tafe\1234567890

6. Windows 8.1 **Only** - Trust **BTQADMCS1-CA** certificate, if asked fo . Windows 10 received the updated certificate in the above patch

The device should now successfully connect to the TAFE_OPEN wireless network.
