Build on your career!

This course is designed to meet the needs of builders and managers of small-medium building businesses. A builder is the person who coordinates the construction of a building taking responsibility for the overall completion of the job, including selected contractors, overseeing the work and its quality, and liaising with the client. This program forms part of the requirements for Queensland Building Construction Commission (QBCC) to issue you with a Builder Low Rise Licence.

University pathways
If you want to go on to further study at university, TAFE Queensland has a pathway option to get you there. In many cases, completing one of our diplomas will give you a full year of credit towards a degree with one of our partner universities. That means cutting down the amount of time you need to complete your degree, or even enrolling straight into the second year of your university course.
