HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Get yourself the right skills

The apprentice undertaking this role will primarily service and repair the mechanical parts such as the engine, transmission (clutch, gear box and differential), and the suspension systems (springs, steering, brakes, wheels and tyres). They will perform tasks including discussing problems with drivers/users to discover faults and carry out their own diagnostic procedures. They will repair and service engines, cooling systems, exhaust systems, diesel fuel systems, engine forced induction systems and clutch assemblies. In addition, they will repair and service manual and automatic

No specific resources are required to successfully complete this course. It is recommended that students have access to a reliable internet connection to

What are my payment options?
No matter what your circumstances, TAFE Queensland East Coast has a payment option to suit you. If you are unsure of what's right for you, call us on 1300 656 188. We're here to help.

Outcome
AUR31216 Certificate III in Mobile Plant Technology - Apprenticeship

Job prospects
- Mobile Plant Operators
- Diesel Motor Mechanic

Units
To achieve this qualification you will need to complete:
Core Competencies: 22
Elective Competencies: 14

AURTTA3013 Repair hydraulic systems
AURTTA2006 Service hydraulic systems
AURTTA2004 Carry out servicing operations
AURKTX3001 Diagnose and repair powershift transmissions
AURTTA3018 Carry out diagnostic procedures
AURTTCC3003 Diagnose and repair cooling systems
AURTTX3006 Repair transmissions (hydrostatic)

ARE YOU READY TO TAKE THE NEXT STEP ON YOUR PATH TO GREAT?
