

# Online Study Computer Requirements

MAKE  
GREAT  
HAPPEN

To study online through TAFE Queensland East Coast, you'll need to use a computer, or compatible device with a suitable internet plan to access learning resources, research, prepare your assessments, make notes and communicate with your program coordinator.

Whether you're using a desktop, TV, laptop, or mobile device please check that your system meets the minimum requirements listed below required to interact with our Learning Management System (LMS), My.TAFE.

## My.TAFE System Requirements:

Access to a personal computer (PC) or device, internet access and a unique email address is required. Mobile devices are **not fully supported** at this time due to various document formats, interactive Flash content, Digital Media Rights (DMR) video formats, drag and drop exercises. Apple devices do not support all of the above media without a third party application. Although pages are moving towards a mobile friendly format, Internet Explorer (IE) 8 restrictions do not allow for HTML5 uniformity and usability at this point.

## Browser Recommendations

The below browsers will work with support for HTML5 format however some attributes within the LMS may not render as intended.

- Microsoft® Internet Explorer 8.0
- Internet explorer 9.0 and above
- Firefox 20 and above
- Chrome 25 and above
- Safari 5.1 and above

**NOTE:** Opera will not work at all due to the Learning Management System (LMS) restrictions. Please note: Tests, Assessments and Content may display abnormally or function incorrectly if you use one of these browsers. Apple/Mac Safari users will notice reduced functionality in most of the interactive content and possible assessment activity malfunction.

## Software Requirements

- A word processing program, such as [Open Office](#) or Microsoft® Word
- Adobe® Flash Player® can be downloaded for free from [Adobe](#)
- Adobe® Acrobat® Reader™ to read PDF files, can be downloaded for free from [Adobe](#)
- a suitable anti-virus program to protect your work

## Minimum System Requirements

Windows XP (512MB RAM) or Windows Vista or Windows 7 or 8 (1G RAM), 1.4GHz processor (CPU), Display 1024px wide.

## Recommended System Requirements

Windows 7 or 8 (2G RAM), 2.4GHz processor (CPU), Display monitor resolution and aspect ratio 1280px wide or higher.
